Read this before you fill out the form

- Repayment cover means that your family will receive your pension in the event of your death before it is paid out. The money
 will be paid out firstly to your spouse, your registered partner, or cohabitant, and secondly to your children.
- Find out what insurances you have. You will find information in your pension statement, or by logging in to your pension pages (Mina sidor) at kapan.se or by calling us.
- If you choose repayment cover, your pension will be lower since you will not receive what is called 'inheritance gain'. Read more about this at kapan.se.
- Read more about repayment cover and how you can change the order of your beneficiaries at kapan.se
- Repayment cover on insurances that are paid for a lifelong period is valid until you turn 75 years.
