Kåpan Tjänstepension 851 90 Sundsvall

Good to know before filling out the form

Repayment cover means that your family will receive your pension in the event of your death before it is paid out. If you choose repayment cover, your pension will be lower since you will not receive what is called 'inheritance gain'. If you have not started withdrawing your pension, you have the option to add repayment cover, within six months from the insurance was signed, within a year from getting married, cohabiting or having children, if you are in good health with an approved health check or to future premiums in a new insurance.

c) Add repayment cover to existing insurance with an approved health check You also need to fill out the "Health Declaration" form. Based on your health declaration, we will decide whethe you can add repayment cover or not to your existing insurance. This change applies to (choose one or more insurances you know you have)	1.
